

Class: KG Subject: Language and Literacy Theme: In the Space Topic: Small a-z(Copy work) Week: 1-Day 2 Date:

Students' Learning Outcomes (SLOs)	Methodology	Time	Resources	Assessment
		60 mints		
By the end of the lesson, students would have identified and formed small letters a – z with the correct sequence	Recap : Ask the students to sit in a circle on the carpet or sit on the chairs facing each other. Put a basket filled with letter flashcards in the middle of a circle. While taking turns, students will read the alphabet and then make an oral sentence using their related vocabulary. e.g. This is a letter /g / g.. g. glue. "I got a bottle of glue". It is suggested to place some objects in the basket so that the students, who still struggle reading the alphabet can feel included in the activity. They will name the object then tell the initial sound of an object and make a sentence with it. Main Activity: - Remind them about the work they have done yesterday. - Talk about the common mistakes and issues they have faced while forming the lowercase letters. - Show the video: Writing Alphabet Letters for Children.	10mins 15mins	Letter Flashcards cards and Objects basket Writing Alphabet Letters for Children (18 mins 8 secs) from: https://www.youtube.com/watch?v=Sw2KZki-eaA Focus on the small alphabet from the sequence and skip the remaining part of the video)	Students will be assessed on: Writing a-z in a sequence along with correct formation in their notebooks.

	- Share your expectations with the students before handing over their notebooks to them e.g. date, day, neatness, etc. Focused Task: Share WILF: I am looking for the correct formation of the lower case letters from a -z - Ask students to form the lowercase letters from a –z in their copies. - Encourage them to draw at least 2 objects on the blank page of their copy and write their initial sound under it. Wrap up: Share TIB: It will help us to read the words from our surroundings e.g. devices, billboards, newspaper/menu/brochure text, eatable boxes, books, etc. - Show them a word wheel of 3 letter words. Rotate the wheel and make a few combinations, and encourage the students to read the word by blending sounds.	30mins 5mins	 Pre-prepared notebooks by the teacher (Teacher should put starting dots for a-z on the notebooks, four to five alphabets can be easily written in one row of the notebook) Word wheel of three-letter words e.g tap mat, cat e.t.c	
Evaluation of the Student Learning:			Evaluation of teaching:	

- What did the students learn in this lesson?

- What were they not able to do/understand?

- What went well? How do you know?

- What went wrong? How will you fix it?
